## Software Developer

+92 302 9598 832   mwaseem00064@gmail.com   <https://www.linkedin.com/in/mwaseem1923/>   Lahore, Pakistan

## SUMMARY

As a skilled professional specializing in the MERN stack, I possess a strong foundation in crafting clean and efficient code. My commitment to keeping abreast of the latest technologies, combined with my ability to implement standard software architecture patterns, enables me to work effectively with cross-functional teams. I am dedicated to delivering high-quality solutions that are meticulously tailored to meet the needs of end-users. With a fervent passion for continuous learning and innovation, I am keen to leverage my expertise to contribute to the company's growth and ensure the delivery of substantial value to our customers.

## EDUCATION

### Bachelor of Science, Computer Science

University of Engineering and Technology Lahore, CGPA 3.06/4.0

10/2019 - 05/2023

## PROFESSIONAL EXPERIENCE

### Full Stack Engineer I

DHives

<https://dhives.com>

Lahore, Pakistan

06/2023 - Present

- Spearheaded the development of "ZHives," a dynamic Real Estate Website, utilizing the MERN stack with TypeScript to deliver a robust and user-friendly platform.
- Collaborated closely with cross-functional teams to implement new features, enhance user experience, and ensure seamless integration of front-end and back-end components.
- Optimized codebase for enhanced performance, scalability, and maintainability, resulting in improved website responsiveness and user satisfaction.
- Applied industry best practices in SEO to optimize website content, enhance visibility, and boost search engine rankings, driving increased organic traffic and engagement.
- Utilized Git for version control and team collaboration, ensuring smooth code management and effective teamwork in an agile development environment.

### Software Engineer Intern

Pseudosquare

<https://www.pseudosquare.com/>

Lahore, Pakistan

03/2023 - 05/2023

- Worked closely with Pseudosquare team to enhance project functionality and user experience.
- Developed pixel perfect and responsive web pages, ensuring a visually interactive experience.
- Integrated frontend with backend, added authentications and authorizations using middlewares.
- Utilized HTML, CSS, JavaScript, Bootstrap, NodeJS, MongoDB.

## PROJECTS

### Quivive Website

<https://app.quivive.co/>

A Freelancing Project to make user-friendly and responsive Frontend:

- Developed Quivive website frontend using HTML, CSS, JavaScript, Bootstrap.
- Collaborated with UX team and ensured the website met client requirements.
